MASOUD JALILI AZIZ

FRONTEND DEVELOPER

ABOUT ME

I am a frontend developer with a strong passion for building interactive and performant web applications using modern tools like **React**, **Next.js**, **Tailwind CSS**, and more. I've been programming since **2020**, starting with backend development using **PHP**, **Laravel**, and **Symfony**, and later transitioning to frontend development. I have experience working at **Ramzinex (2024)** and etc. I love turning ideas into real digital experiences, and I constantly seek out new ways to
